

ACADEMIC ADVISING

CLINICAL NEUROPSYCHOLOGY STUDENTS

As a student in the Clinical Neuropsychology program you should attempt to plan your entire degree. Academic and administrative advisors may be consulted at any time, simply contact the relevant staff member and make an appointment.

Due to OSP requirements and program changes students may find unit offerings change semester to semester so in addition to creating a full candidature plan students should seek enrolment advice prior to enrolling in each upcoming semester.

Follow this link to a list of Clinical Neuropsychology advisors

The Clinical Neuropsychology program has provided the following information to assist coursework students in enrolment planning.

Research Students in program with a coursework component may also use this information but as your research is your primary focus it is highly recommended that each student consult with their research supervisor and program administrator prior to enrolling in each upcoming semester.

FULL-TIME vs. PART-TIME

For the Master of Clinical Neuropsychology the full-time load is two years.

A part-time student can enrol in a minimum term of 2 ½ years, the maximum part-time term is suggested to be over 4 years and students should consult the program director for permission to undertake a term longer than 4 years.

Students may request to undertake a custom workload however for student to maintain a full-time status they must ensure they are enrolled in a minimum 75% load (24 Cpt per year). Students who enrol in 24 credit points in years 1 and 2 should be aware that in year 3 and beyond they will be classified as part-time.

PART-TIME STUDENT ENROLMENT – MINIMUM 1ST YEAR LOAD

Unit Number	Unit Name	Credit Points	Core or	
			Elective	When to Enrol
PSYN803	Neuropsychological Disorders	2	core	1st year 1st semester
PSYN821	Psychological Assessment 1	2	core	1st year 1st semester
PSYN824	Neuroanatomy	2	core	1st year 1st semester
PSYN823	Neuropsychopathology	4	core	1st year 2nd semester
PSYN822	Psychological Assessment II	2	core	1st year 2nd semester

FULL-TIME STUDENT ENROLMENT

Unit Number	Unit Name	Credit Points	Core or	
			Elective	When to Enrol
PSYN824	Neuroanatomy	2	core	1st year 1st semester
PSYN805	Case Conference 1	2	core	1st year 1st semester
PSYN825	Research Proposal	8	core	1st semester OR 1st year full year
PSYN804	Neuropsychopharmacology	2	core	1st year 1st semester
PSYN803	Neuropsychological Disorders	2	core	1st year 1st semester
PSY863	Research Design and Evaluation	4	core	1st year 1st semester
PSYN821	Psychological Assessment 1	2	core	1st year 1st semester
PSYN823	Neuropsychopathology	4	core	1st year 2nd semester
PSYN822	Psychological Assessment II	2	core	1st year 2nd semester
PSYN809	Neuropsychological Research Seminar I	2	core	1st year 2nd semester
PSYN829	Case Conference 2	2	core	1st year 2nd semester
PSYN815	Supervised Placement I	1	core	1st year 2nd semester
PSYN808	Developmental Neuropsychology	4	core	1st year 2nd semester
PSYN807	Cognitive Behavioural Therapy	2	core	2nd year 1st semester
PSYN830	Case Conference 3	1	core	2nd year 1st semester
PSYN811	Cognitive Neuropsychology	4	core	2nd year 1st semester
PSYN810	Advanced Psychopathology	4	core	2nd year 1st semester
PSYN832	Dissertation	8	core	1st semester OR 1st year full year
PSYN816	Supervised Placement II	1	core	2nd year 1st semester
PSYN817	Supervised Placement III	1	core	2nd year 1st semester
PSYN814	Neuropsychological Research Seminar II	2	core	2nd year 2nd semester
PSYN831	Case Conference 4	1	core	2nd year 2nd semester
PSYN813	Neuropsychological Recovery and Rehabilitation	2	core	2nd year 2nd semester
PSYN818	Supervised Placement IV	1		2nd year 2nd semester
